Forward-Looking Statement

Cautionary Note Regarding Forward-Looking Statements

This financial supplement contains forward-looking statements. Statements that are not historical facts, including statements about XL's beliefs, plans or expectations, are forward-looking statements. These statements are based on current plans, estimates and expectations, all of which involve risk and uncertainty. Statements that include the words "expect," "estimate," "intend," "plan," "believe," "project," "anticipate," "may," "could," or "would" and similar statements of a future or forward-looking nature identify forward-looking statements. Actual results may differ materially from those included in such forward-looking statements and therefore you should not place undue reliance on them. A non-exclusive list of the important factors that could cause actual results to differ materially from those in such forward-looking statements includes (a) the continuation of downward trends in rates for property and casualty insurance and reinsurance; (b) changes in the size of our claims relating to unpredictable natural or man-made catastrophe losses due to the preliminary nature of some reports and estimates of loss and damage to date; (c) changes in the number of insureds and ceding companies impacted or the ultimate number and value of individual claims relating to natural catastrophe events due to the preliminary nature of reports and estimates of loss and damage to date; (d) changes in the amount or type of business that we write, whether due to our actions, changes in market conditions or other factors, and the amount of premium attributable to such business; (e) the availability, cost or quality of ceded reinsurance, and the timely and full recoverability of such reinsurance, or other amounts due to us, or changes to our projections related to such recoverables; (f) actual loss experience from insured or reinsured events and the timing of claims payments being faster or the receipt of reinsurance recoverables being slower than we anticipated; (g) increased competition on the basis of pricing, capacity, coverage terms or other factors, such as the increased inflow of third party capital into reinsurance markets, which could harm our ability to maintain or increase its business volumes or profitability; (h) greater frequency or severity of claims and loss activity than our underwriting, reserving or investment practices anticipate based on historical experience or industry data; (i) the impact of changes in the global financial markets, such as the effects of inflation on our business, including on pricing and reserving, changes in interest rates, credit spreads, foreign currency exchange rates and future volatility in the world's credit, financial and capital markets that adversely affect the performance and valuation of our investments, future financing activities and access to such markets, our ability to pay claims or general financial condition; (j) our ability to successfully implement our business strategy; (k) our ability to successfully attract and raise additional third party capital for existing or new investment vehicles; (l) changes in credit ratings and rating agency policies or practices, which could trigger cancellation provisions in our assumed reinsurance agreements or impact the availability of our credit facilities; (m) the potential for changes to methodologies, estimations and assumptions that underlie the valuation of our financial instruments that could result in changes to investment valuations; (n) changes to our assessment as to whether it is more likely than not that we will be required to sell, or have the intent to sell, available-for-sale fixed maturity securities before their anticipated recovery; (o) unanticipated constraints on our liquidity, including the availability of borrowings and letters of credit under credit facilities that inhibit our ability to support our operations, including our ability to underwrite policies and pay claims; (p) the ability of our subsidiaries to pay dividends to XL Group Ltd, XLIT Ltd. and Catlin Insurance Company Ltd; (q) changes in regulators or regulation applicable to us, including as a result of the completion of our redomestication from Ireland to Bermuda, such as changes in regulatory capital balances that our operating subsidiaries must maintain, or to our brokers or customers; (r) the effects of business disruption, economic contraction or economic sanctions due to unpredictable global political and social conditions such as war, terrorism or other hostilities, or pandemics; (s) the actual amount of new and renewal business and acceptance of our products and services, including new products and services and the materialization of risks related to such products and services; (t) changes in the distribution or placement of risks due to increased consolidation of insurance and reinsurance brokers; (u) bankruptcies or other financial concerns of companies insofar as they affect P&C insurance and reinsurance coverages or claims that we may have as a counterparty; (v) the loss of key personnel; (w) the effects of mergers, acquisitions and divestitures, including our ability to modify our internal controls over financial reporting, changes to our risk appetite and our ability to realize the value or benefits expected, in each case, as a result of such transactions; (x) changes in general economic conditions, including the political, monetary, economic and operational impacts of the "Brexit" referendum held on June 23, 2016 in which the UK electorate voted to withdraw from the EU, new or continued sovereign debt concerns in Euro-Zone countries or emerging markets such as Brazil or China, or governmental actions for the purposes of stabilizing financial markets; (y) changes in applicable tax laws, tax treaties or tax regulations or the interpretation or enforcement thereof; (z) judicial decisions and rulings, new theories of liability or emerging claims coverage issues, legal tactics and settlement terms; (aa) the effects of climate change (such as changes to weather patterns, sea levels or temperatures) on our business, which our modeling or risk management practices may not adequately address due to the uncertain nature of climate change; and (bb) the other factors set forth in our reports on Form 10-K and Form 10-Q and other documents on file with the Securities and Exchange Commission. XL undertakes no obligation to update publicly or revise any forward looking statement, whether as a result of new information, future developments or otherwise.

XL intends to use its website as a means of disclosing material non-public information and for complying with its disclosure obligations under Regulation FD. Such disclosures will be included on the website in the Investor Relations section. Accordingly, investors should monitor such portions of XL's website, in addition to following its financial supplement, SEC filings and public conference calls and webcasts.

Operating Net Income (Note 5)	\$ 255,080	\$ 136,143	\$ 128,440	\$ 122,454	\$ 106,447

Notes:

- Certain amounts have been reclassified to conform with the current period presentation.
- On May 1, 2014, our wholly-owned subsidiary XLIB Ltd (on June 9, 2016, XLIB Ltd and XL Re Ltd amalgamated to form XL Bermuda Ltd), entered into a sale and purchase agreement with GreyCastle Holdings Ltd. ("GreyCastle") providing for the sale of 100% of the common shares of XLIB's wholly-owned subsidiary, XL Life Reinsurance (SAC) Ltd ("XLLR"), for \$570 million in cash. This transaction was completed on May 30, 2014. As a result of the transaction, we have ceded the majority of our life reinsurance business to XLLR via 100% quota share reinsurance (the "GreyCastle Life Retro Arrangements"). The designated investments that support the GreyCastle Life Retro Arrangements, which are written on a funds withheld basis ("Life Funds Withheld Assets"), are included within "Total investments available for sale" and "Fixed maturities, trading at fair value" on our balance sheet. Investment results for these assets - including interest income, unrealized gains and losses, and gains and losses from sales - are passed directly to the reinsurer pursuant to a contractual arrangement which is accounted for as a derivative. During 2015, we entered into another reinsurance agreement (the "U.S. Term Life Retro Arrangements") ceding the vast majority of the remaining life reinsurance business.
- Income related to the alternative funds and to the private investment and operating fund affiliates are on a one-month and three-month lag, respectively. The fair market values of certain of these alternative investments often take longer to obtain as compared to other of XL's investments and are therefore unavailable at the time of quarter close.
- On September 30, 2016, the Company completed the sale of its wholly-owned subsidiary, XL Life Insurance and Annuity Company ("XLLIAC") and, as a result, recorded a \$3.7 million gain and during Q4 2016 the Company recognized a \$3.4 million gain on the partial sale of its holdings in New Ocean Capital Management.
- Operating net income is defined as net income (loss) attributable to common shareholders excluding: (1) our net investment income - Life Funds Withheld Assets, (2) our net realized (gains) losses on investments sold - excluding Life Funds Withheld Assets, (3) our net realized (gains) losses on investments sold (including OTTI) and net unrealized (gains) losses on investments, Trading - Life Funds Withheld Assets, (4) our net realized and unrealized (gains) losses on derivatives, (5) our net realized and unrealized (gains) losses on life retrocession embedded derivative and derivative instruments - Life Funds Withheld Assets, (6) our share of items (2) and (4) for the Company's insurance company affiliates for the periods presented, (7) our foreign exchange (gains) losses, (8) our expenses related to the acquisition of Catlin Group Limited ("Catlin") completed on May 1, 2015 ("Catlin Acquisition"), (9) our gain on the sale of our interest in ARX Holding Corp., (10) our gain on the sale of our wholly-owned subsidiary XLLIAC and the partial sale of our holdings in New Ocean Capital Management, (11) our loss on the inception of the U.S. Term Life Retro Arrangements, (12) our loss on the early extinguishment of the notes assumed in conjunction with the Catlin Acquisition, and (13) a provision (benefit) for income tax on items excluded from operating income. "Operating net income" is a non-GAAP financial measure. For further information see page 37 for Comment on Regulation G.

Fully diluted tangible book value per common share (Note 5)	\$ 33.71	\$ 32.83	\$ 32.21	\$ 34.22	\$ 33.79

Notes:

- Certain amounts have been reclassified to conform with the current period presentation.
- Unrealized (gain) loss on investments, net of tax is the cumulative impact of mark to market fluctuations on our investment portfolio that have not been realized through sales.
- Operating net income is defined as net income (loss) attributable to common shareholders excluding: (1) our net investment income - Life Funds Withheld Assets, (2) our net realized (gains) losses on investments sold - excluding Life Funds Withheld Assets, (3) our net realized (gains) losses on investments sold (including OTTI) and net unrealized (gains) losses on investments, Trading - Life Funds Withheld Assets, (4) our net realized and unrealized (gains) losses on derivatives, (5) our net realized and unrealized (gains) losses on life retrocession embedded derivative and derivative instruments - Life Funds Withheld Assets, (6) our share of items (2) and (4) for the Company's insurance company affiliates for the periods presented, (7) our foreign exchange (gains) losses, (8) our expenses related to the Catlin Acquisition, (9) our gain on the sale of our interest in ARX Holding Corp., (10) our gain on the sale of our wholly-owned subsidiary XLLIAC and the partial sale of our holdings in New Ocean Capital Management, (11) our loss on the inception of the U.S. Term Life Retro Arrangements, (12) our loss on the early extinguishment of the notes assumed in conjunction with the Catlin Acquisition, and (13) a provision (benefit) for income tax on items excluded from operating income. "Operating net income", "annualized operating net income" and "annualized operating return on average common shareholders' equity" including and excluding average AOCI, both inclusive and exclusive of integration costs are non-GAAP financial measures. For further information see page 37 for Comment on Regulation G.
- Common shares outstanding include all common shares legally issued and outstanding (as disclosed on the face of the balance sheet) as well as all director share units outstanding.
- Fully diluted tangible book value per common share is a non-GAAP financial measure which represents book value per common share (total shareholders' equity less non-controlling interest in equity of consolidated subsidiaries, goodwill and intangible assets, divided by the number of outstanding common shares combined with the dilutive impact of potential future share issues at any period end). XL believes that fully diluted tangible book value per common share is a financial measure important to investors and other interested parties who benefit from having a consistent basis for comparison with other companies within the industry. However, this measure may not be comparable to similarly titled measures used by companies either outside or inside of the insurance industry.

Provision (benefit) for income tax on items excluded from operating income	13,720	4,391
Operating Net Income (Note 4)	\$ 391,223	\$ 209,835

Notes:

1. Certain amounts have been reclassified to conform with the current period presentation.
2. On May 1, 2014, our wholly-owned subsidiary XLIB (on June 9, 2016, XLIB and XL Re Ltd amalgamated to form XL Bermuda Ltd), entered into a sale and purchase agreement with GreyCastle providing for the sale of 100% of the common shares of XLIB's wholly-owned subsidiary XLLR for \$370 million in cash. This transaction was completed on May 30, 2014. As a result of the transaction, we have ceded the majority of our life reinsurance business to XLLR via the GreyCastle Life Retro Arrangements. The Life Funds Withheld Assets are included within "Total investments available for sale" and "Fixed maturities, trading at fair value" on our balance sheet. Investment results for these assets - including interest income, unrealized gains and losses, and gains and losses from sales - are passed directly to the reinsurer pursuant to a contractual arrangement which is accounted for as a derivative.
3. Income related to the alternative funds and to the private investment and operating fund affiliates are on a one-month and three-month lag, respectively. The fair market values of certain of these alternative investments often take longer to obtain as compared to other of XL's investments and are therefore unavailable at the time of quarter close.
4. Operating net income is defined as net income (loss) attributable to common shareholders excluding: (1) our net investment income - Life Funds Withheld Assets, (2) our net realized (gains) losses on investments sold - excluding Life Funds Withheld Assets, (3) our net realized (gains) losses on investments sold (including OTTI) and net unrealized (gains) losses on investments, Trading - Life Funds Withheld Assets, (4) our net realized and unrealized (gains) losses on derivatives, (5) our net realized and unrealized (gains) losses on life retrocession embedded derivative and derivative instruments - Life Funds Withheld Assets, (6) our share of items (2) and (4) for the Company's insurance company affiliates for the periods presented, (7) our foreign exchange (gains) losses, (8) our expenses related to the Catlin Acquisition, (9) our gain on the sale of our interest in ARX Holding Corp., (10) our gain on the sale of our wholly-owned subsidiary XLLIAC and the partial sale of our holdings in New Ocean Capital Management, (11) our loss on the inception of the U.S. Term Life Retro Arrangements, (12) our loss on the early extinguishment of the notes assumed in conjunction with the Catlin Acquisition, and (13) a provision (benefit) for income tax on items excluded from operating income. "Operating net income" is a non-GAAP financial measure. For further information see page 37 for Comment on Regulation G.

Book Value per Common Share		
Closing common shareholders' equity	\$ 11,080,552	\$ 10,938,512
Common shares outstanding (Note 4)	258,489,379	266,927,220
Dilutive impact of stock and options	4,369,403	4,297,570
Diluted shares outstanding	262,858,782	271,224,790
Book value per common share	\$ 42.87	\$ 40.98
Fully diluted book value per common share	\$ 42.15	\$ 40.33
Fully diluted tangible book value per common share (Note 5)	\$ 33.71	\$ 32.21

Notes:

- Certain amounts have been reclassified to conform with the current period presentation.
- Unrealized (gain) loss on investments, net of tax is the cumulative impact of mark to market fluctuations on our investment portfolio that have not been realized through sales.
- Operating net income is defined as net income (loss) attributable to common shareholders excluding: (1) our net investment income - Life Funds Withheld Assets, (2) our net realized (gains) losses on investments sold - excluding Life Funds Withheld Assets, (3) our net realized (gains) losses on investments sold (including OTTI) and net unrealized (gains) losses on investments, Trading - Life Funds Withheld Assets, (4) our net realized and unrealized (gains) losses on derivatives, (5) our net realized and unrealized (gains) losses on life retrocession embedded derivative and derivative instruments - Life Funds Withheld Assets, (6) our share of items (2) and (4) for the Company's insurance company affiliates for the periods presented, (7) our foreign exchange (gains) losses, (8) our expenses related to the Catlin Acquisition, (9) our gain on the sale of our interest in ARX Holding Corp., (10) our gain on the sale of our wholly-owned subsidiary XLLIAC and the partial sale of our holdings in New Ocean Capital Management, (11) our loss on the inception of the U.S. Term Life Retro Arrangements, (12) our loss on the early extinguishment of the notes assumed in conjunction with the Catlin Acquisition, and (13) a provision (benefit) for income tax on items excluded from operating income. "Operating net income", "annualized operating net income" and "annualized operating return on average common shareholders' equity" including and excluding average AOCI, both inclusive and exclusive of integration costs are non-GAAP financial measures. For further information see page 37 for Comment on Regulation G.
- Common shares outstanding include all common shares legally issued and outstanding (as disclosed on the face of the balance sheet) as well as all director share units outstanding.
- Fully diluted tangible book value per common share is a non-GAAP financial measure which represents book value per common share (total shareholders' equity less non-controlling interest in equity of consolidated subsidiaries, goodwill and intangible assets, divided by the number of outstanding common shares combined with the dilutive impact of potential future share issues at any period end). XL believes that fully diluted tangible book value per common share is a financial measure important to investors and other interested parties who benefit from having a consistent basis for comparison with other companies within the industry. However, this measure may not be comparable to similarly titled measures used by companies either outside or inside of the insurance industry.

Notes :

- Corporate and Other includes the Company's run-off Life operations.
- Operating expenses exclude corporate operating expenses, shown separately.
- On May 1, 2014, our wholly-owned subsidiary XLIB (on June 9, 2016, XLIB and XL Re Ltd amalgamated to form XL Bermuda Ltd), entered into a sale and purchase agreement with GreyCastle providing for the sale of 100% of the common shares of XLIB's wholly-owned subsidiary XLLR for \$570 million in cash. This transaction was completed on May 30, 2014. As a result of the transaction, we have ceded the majority of our life reinsurance business to XLLR via the GreyCastle Life Retro Arrangements. The Life Funds Withheld Assets are included within "Total investments available for sale" and "Fixed maturities, trading at fair value" on our balance sheet. Investment results for these assets - including interest income, unrealized gains and losses, and gains and losses from sales - are passed directly to the reinsurer pursuant to a contractual arrangement which is accounted for as a derivative.
- The net investment results from structured products include net investment income and interest expense of \$26.9 million and \$21.1 million, respectively.
- Net fee income and other includes operating expenses of \$23.7 million from the Company's loss prevention consulting services business.
- Income related to the alternative funds and to the private investment and operating fund affiliates are on a one-month and three-month lag, respectively.
- Corporate operating expenses include approximately \$73.1 million of integration costs resulting from the Catlin Acquisition.
- 2017 Natural Catastrophes include US Storms, Cyclone Debbie and March Peru Flooding.

Loss and loss expense ratio excluding net prior year development, natural catastrophe losses and reinstatement premium	61.0%	53.4%	58.6%		

Notes :

- Certain amounts have been reclassified to conform with the current period presentation.
- Corporate and Other includes the Company's run-off Life operations.
- Operating expenses exclude corporate operating expenses, shown separately.
- On May 1, 2014, our wholly-owned subsidiary XLIB (on June 9, 2016, XLIB and XL Re Ltd amalgamated to form XL Bermuda Ltd), entered into a sale and purchase agreement with GreyCastle providing for the sale of 100% of the common shares of XLIB's wholly-owned subsidiary XLLR for \$570 million in cash. This transaction was completed on May 30, 2014. As a result of the transaction, we have ceded the majority of our life reinsurance business to XLLR via the GreyCastle Life Retro Arrangements. The Life Funds Withheld Assets are included within "Total investments available for sale" and "Fixed maturities, trading at fair value" on our balance sheet. Investment results for these assets - including interest income, unrealized gains and losses, and gains and losses from sales - are passed directly to the reinsurer pursuant to a contractual arrangement which is accounted for as a derivative.
- The net investment results from structured products include net investment income and interest expense of \$26.7 million and \$22.7 million, respectively.
- Net fee income and other includes operating expenses of \$24.2 million from the Company's loss prevention consulting services business.
- Income related to the alternative funds and to the private investment and operating fund affiliates are on a one-month and three-month lag, respectively.
- Operating expenses includes approximately \$107.1 million of integration costs resulting from the Catlin acquisition.
- 2016 Natural Catastrophes include Alberta, Canada Fort McMurray Wildfire, April Texas Hailstorm, May European Storms and Flooding, Japanese, Taiwan and Ecuador Earthquakes and US Storms.

Operating Net Income, including impact of discrete tax adj (Note 2)	<u>\$ 272,533</u>	<u>\$ 17,453</u>	<u>\$ 255,080</u>	<u>6.4%</u>	<u>\$ 419,601</u>	<u>\$ 28,378</u>	<u>\$ 391,223</u>	<u>6.8%</u>

Note:

1. Adjustments to Net Income represents the reconciliation of non-GAAP financial information.

2. Operating net income is defined as net income (loss) attributable to common shareholders excluding: (1) our net investment income - Life Funds Withheld Assets, (2) our net realized (gains) losses on investments sold - excluding Life Funds Withheld Assets, (3) our net realized (gains) losses on investments sold (including OTTI) and net unrealized (gains) losses on investments, Trading - Life Funds Withheld Assets, (4) our net realized and unrealized (gains) losses on derivatives, (5) our net realized and unrealized (gains) losses on life retrocession embedded derivative and derivative instruments - Life Funds Withheld Assets, (6) our share of items (2) and (4) for The Company's insurance company affiliates for the periods presented, (7) our foreign exchange (gains) losses, (8) our expenses related to the Catlin Acquisition, (9) our gain on the sale of our interest in ARX Holding Corp., (10) our gain on the sale of our wholly-owned subsidiary XLLIAC and the partial sale of our holdings in New Ocean Capital Management, (11) our loss on the inception of the U.S. Term Life Retro Arrangements, (12) our loss on the early extinguishment of the notes assumed in conjunction with the Catlin Acquisition, and (13) a provision (benefit) for income tax on items excluded from operating income. "Operating net income" is a non-GAAP financial measure. For further information see page 37 for Comment on Regulation G.

Notes:

- Certain amounts have been reclassified to conform with the current period presentation.
- Fixed maturities, available for sale at amortized cost: June 30, 2017 - \$30,012,097; March 31, 2017 - \$29,923,912; December 31, 2016 - \$29,587,656; September 30, 2016 - \$30,402,019; June 30, 2016 - \$30,389,600
- Equity securities at cost: June 30, 2017 - \$1,094,494; March 31, 2017 - \$1,017,172; December 31, 2016 - \$996,610; September 30, 2016 - \$968,040; June 30, 2016 - \$955,231
- Short-term investments at amortized cost: June 30, 2017 - \$617,866; March 31, 2017 - \$260,407; December 31, 2016 - \$626,142; September 30, 2016 - \$655,792; June 30, 2016 - \$446,469
- Fixed maturities at amortized cost: June 30, 2017 - \$1,724,250; March 31, 2017 - \$1,631,045; December 31, 2016 - \$1,548,178; September 30, 2016 - \$1,480,434; June 30, 2016 - \$1,385,588
- Short-term trading investments at amortized cost: June 30, 2017 - \$0; March 31, 2017 - \$74; December 31, 2016 - \$9,536; September 30, 2016 - \$24,179; June 30, 2016 - \$18,495
- On May 1, 2014, our wholly-owned subsidiary XLIB (on June 9, 2016, XLIB and XL Re Ltd amalgamated to form XL Bermuda Ltd), entered into a sale and purchase agreement with GreyCastle providing for the sale of 100% of the common shares of XLIB's wholly-owned subsidiary XLLR for \$570 million in cash. This transaction was completed on May 30, 2014. As a result of the transaction, we have ceded the majority of our life reinsurance business to XLLR via the GreyCastle Life Retro Arrangements. The Life Funds Withheld Assets are included within "Total investments available for sale" and "Fixed maturities, trading at fair value" on our balance sheet. Investment results for these assets - including interest income, unrealized gains and losses, and gains and losses from sales - are passed directly to the reinsurer pursuant to a contractual arrangement which is accounted for as a derivative.

Notes:

1. Certain amounts have been reclassified to conform with the current period presentation.

2. "In Use" data represents accreted values.

3. Excluded from the table are revolving credit capacity of 750.0 million at June 30, 2017, \$1.0 billion at March 31, 2017, \$1.0 billion at December 31, 2016, \$1.1 billion at September 30, 2016 and \$1.4 billion at June 30, 2016. The amounts of this capacity for revolving loans utilized to issue letters of credit were \$44.7 million at June 30, 2017, \$287.7 million at March 31, 2017, \$245.0 million at December 31, 2016, \$501.5 million at September 30, 2016 and \$501.2 million at June 30, 2016, thus leaving available amounts of \$705.3 million at June 30, 2017, \$712.3 million at March 31, 2017, \$755.0 million at December 31, 2016, \$598.5 million at September 30, 2016 and \$848.8 million at June 30, 2016.

4. Debt issued in Euro denominated subordinated notes.

5. Completed \$420 million tender offer on preferred shares after quarter-end on July 6, 2017.

RECOVERABLE AND REINSURANCE BALANCES RECEIVABLE BY REINSURER

(U.S. dollars in thousands)

(Note 1)

	At June 30, 2017 (Unaudited)	At March 31, 2017	At December 31, 2016 (Unaudited)	At September 30, 2016 (Unaudited)	At June 30, 2016 (Unaudited)
Unpaid losses and loss expenses recoverable	\$ 5,858,369	\$ 5,685,623	\$ 5,491,297	\$ 5,481,882	\$ 5,426,773
Reinsurance balances receivable	755,511	641,720	577,479	524,343	563,673
Total recoverable and reinsurance balances receivable (Note 2)	<u>\$ 6,613,880</u>	<u>\$ 6,327,343</u>	<u>\$ 6,068,776</u>	<u>\$ 6,006,225</u>	<u>\$ 5,990,446</u>

The following is an analysis at March 31, 2017 of reinsurers owing more than 3% of the total recoverable and reinsurance balances receivable:

Name of reinsurer	Standard and Poor's Rating	% of Total
Munich Reinsurance Co.	AA-/Stable	25.3%
Lloyd's Syndicates	A+/Stable	16.7%
Swiss Reinsurance Co.	AA-/Stable	6.8%
Transatlantic Reinsurance Company	A+/Stable	4.0%
Arch Reinsurance Company	A+/Negative	3.6%

"AAA" : Extremely strong capacity to meet its financial commitments, "+" indicating the high end of the main rating and "-" indicating the low end of the main rating. "AAA" is the highest out of nine main ratings.

"AA" : Very strong capacity to meet its financial commitments, "+" indicating the high end of the main rating and "-" indicating the low end of the main rating. "AA" is the second highest out of nine main ratings.

"A" : Strong capacity to meet its financial commitments, "+" indicating the high end of the main rating and "-" indicating the low end of the main rating. "A" is the third highest out of nine main ratings.

Notes:

1. Certain amounts have been reclassified to conform with the current period presentation.

2. XL had a reserve for potential non-recoveries from reinsurers of \$52.0 million at June 30, 2017, \$50.5 million at March 31, 2017, \$51.2 million at December 31, 2016, \$53.4 million at September 30, 2016 and \$57.3 million at June 30, 2016.

Notes:

1. The classification of fixed income investments has been simplified to align internal and external reporting processes. U.S. Treasuries, U.S. Agencies and U.S. Government Guarantee have been merged into a single classification. Corporate securities and Residential mortgage-backed securities previously separated into two classifications have been merged into one. Collateralized debt obligations are now reported under Other asset-backed securities. Comparative period amounts have been re-presented to conform to this new classification system.

2. Total investments and cash (excluding life funds withheld assets) includes operating cash and short-term treasury deposits of \$2.1 billion.

SCHEDULE 2 - Fixed Income Investments - Credit Rating and Portfolio Characteristics (excluding Life Funds Withheld Assets)

Consolidated

Average pre-tax book yield, gross of expenses	2.2 %		2.4 %		2.5 %		2.4 %		2.4 %	
Average new money rate (Note 4)	2.1 %		2.1 %		2.0 %		1.9 %		1.7 %	

Notes:

- The credit rating for each asset reflected above and included in the following schedules was principally determined based on the weighted average rating of the individual securities from Standard & Poor's, Moody's Investors Service and Fitch Ratings. For U.S. Treasuries, Agencies and Agency Government Guarantee securities, the average rating remains AAA as only one of the three major rating agencies downgraded the U.S. from AAA to AA+ in 2011.
- Includes fixed maturities, short-term investments, funds holding fixed income securities, cash & cash equivalents and net receivables/(payables) for investments sold/(purchased), and excludes operating cash.
- Estimated paydowns on Mortgage and Asset Backed securities are generated by a market leading software provider based on deal specific assumptions and by using the actual prepayment rate over the most recent three month period to project future paydowns. Actual paydowns may vary materially from estimates.
- Average new money rate is weighted average book yield of fixed income purchases in the quarter excluding short term securities and cash and cash equivalents.

SCHEDULE 3 - Government (excluding Life Funds Withheld Assets)

(U.S. dollars in millions)
(Unaudited)

Government bonds by credit rating

Fair value by credit rating

Top Ten exposure to fixed income corporate issuers

Issuer (Notes 3 & 4)

Issuer	June 30, 2017		
	Fair Value	% of total corporates	% of Aggregate Fixed Income Portfolio
JPMorgan Chase & Co.	\$ 194	1.8%	0.7%
The Goldman Sachs Group, Inc.	181	1.7%	0.6%
Wells Fargo & Company	180	1.7%	0.6%
Morgan Stanley	174	1.7%	0.6%
Anheuser-Busch Inbev SA	166	1.6%	0.6%
Bank Of America Corporation	161	1.5%	0.6%
HSBC Holdings PLC	155	1.5%	0.5%
Apple Inc.	149	1.4%	0.5%
Citigroup INC	138	1.3%	0.5%
Berkshire Hathaway Inc.	127	1.2%	0.4%
	\$ 1,625	15.4%	5.6%

Notes:

- Country concentration is defined as the country of the issuer's main operations, i.e., a United Kingdom company's subsidiary operating in the United States and issuing debt in the United States would be classified under United States in the table above. Similarly a United Kingdom company with main operations in the United Kingdom and issuing U.S. denominated debt in the United Kingdom would be classified under the United Kingdom in the above table.
- Included in Others are Fixed Income exposures to Peripheral European corporate issues of \$36 million in Spain, \$34 million in Ireland, \$16 million in Italy, \$1million in Portugal and nil in Greece.
- Corporate issuers represent only direct exposure to fixed maturities investments of the parent issuer and its subsidiaries. These exposures exclude covered bonds and exclude mortgage and asset-backed securities that were issued, sponsored or serviced by the parent and government-guaranteed issues.
- This table does not include \$142 million of financial exposure to Berkshire Hathaway Inc. which is made up of payment obligation from National Indemnity Company, an insurance company subsidiary of Berkshire Hathaway Inc.

**SCHEDULE 5 - Mortgage-backed and Asset-backed securities (excluding Life Funds With**(U.S. dollars in millions)

Weighted average market yield to maturity (Note 2)	2.3 %		2.0 %		2.3 %		1.7 %		2.4 %	

Notes:

- The classification of fixed income investments has been simplified to align internal and external reporting processes. U.S. Treasuries, U.S. Agencies and U.S. Government Guarantee have been merged into a single classification. Corporate securities and Residential mortgage-backed securities previously separated into two classifications have been merged into one. Collateralized debt obligations are now reported under Other asset-backed securities. Comparative period amounts have been re-presented to conform to this new classification system.
- Includes fixed maturities, short-term investments, cash & cash equivalents and net receivables/(payables) for investments sold/(purchased), and excludes operating cash.

COMMENT ON REGULATION G

XL presents its operations in ways it believes will be most meaningful and useful to investors, analysts, rating agencies and others who use XL's financial information in evaluating XL's performance. This financial supplement contains the presentation of (i) operating net income (loss) ("Operating Net Income"), which is defined as net income (loss) attributable to common shareholders excluding: (1) our net investment income - Life Funds Withheld Assets, (defined below) (2) our net realized (gains) losses on investments sold - excluding Life Funds Withheld Assets, (3) our net realized (gains) losses on investments sold (including OTTI) and net unrealized (gains) losses on investments, Trading - Life Funds Withheld Assets, (4) our net realized and unrealized (gains) losses on derivatives, (5) our net realized and unrealized (gains) losses on life retrocession embedded derivative and derivative instruments - Life Funds Withheld Assets, (6) our share of items (2) and (4) for our insurance company affiliates for the periods presented, (7) our foreign exchange (gains) losses, (8) our expenses related to the Catlin Acquisition, (9) our gain on the sale of our interest in ARX Holding Corp., (10) our gain on the sale of our wholly-owned subsidiary XL Life Insurance and Annuity Company and the partial sale of our holdings in New Ocean Capital Management, (11) our loss on the inception of the U.S. Term Life Retro Arrangements, (12) our loss on the early extinguishment of the notes assumed in conjunction with the Catlin Acquisition, and (13) a provision (benefit) for income tax on items excluded from operating income; (ii) annualized return on average common shareholders' equity ("ROE") based on operating net income (loss) ("Operating ROE"); (iii) Operating ROE excluding average AOCI, both inclusive and exclusive of integration costs; and (iv) Fully diluted tangible book value per common share (common shareholders' equity excluding goodwill and intangible assets divided by the number of shares outstanding at the period end date combined with the dilutive impact of potential future share issues at any period end). These items are "non-GAAP financial measures" as defined in Regulation G. The reconciliation of such measures to the most directly comparable GAAP financial measures in accordance with Regulation G is included in this financial supplement on pages 5-9.

Although the investment of premiums to generate income (or loss) and realize capital gains (or losses) is an integral part of XL's operations, the determination to realize capital gains (or losses) is independent of the underwriting process. In addition, under applicable GAAP accounting requirements, losses can be created as the result of other than temporary declines in value and from goodwill impairment charges without actual realization. In this regard, certain users of XL's financial information, including certain rating agencies, evaluate earnings before tax and capital gains to understand the profitability of the operational sources of income without the effects of these two variables. Furthermore, these users believe that, for many companies, the timing of the realization of capital gains and the recognition of goodwill impairment charges are largely a function of economic and interest rate conditions.

Net realized and unrealized (gains) losses on derivatives include all derivatives entered into by XL other than certain credit derivatives and the life retrocession embedded derivative. With respect to credit derivatives, because XL and its insurance company operating affiliates generally hold financial guaranty contracts written in credit default derivative form to maturity, the net effects of the changes in fair value of these credit derivatives are excluded (similar with other companies' treatment of such contracts), as the changes in fair value each quarter are not indicative of underlying business performance.

Net investment income - Life Funds Withheld Assets, and net realized (gains) losses on the life retrocession embedded derivative and derivative instruments - Life Funds Withheld Assets, have been excluded because, as a result of the GreyCastle Life Retro Arrangement, XL no longer shares in the risks and rewards of the underlying performance of the Life Funds Withheld Assets that support these retrocession arrangements. The returns on the Life Funds Withheld Assets are passed directly to the reinsurer pursuant to a contractual arrangement that is accounted for as a derivative. Therefore, net investment income from the Life Funds Withheld Assets and changes in the fair value of the embedded derivative associated with these GreyCastle Life Retro Arrangements are not relevant to XL's underlying business performance.

Foreign exchange (gains) losses in the income statement are only one element of the overall impact of foreign exchange fluctuations on XL's financial position and are not representative of any economic gain or loss made by XL. Accordingly, it is not a relevant indicator of financial performance and it is excluded.

In summary, XL evaluates the performance of and manages its business to produce an underwriting profit. In addition to presenting net income (loss), XL believes that showing operating net income (loss) enables investors and other users of XL's financial information to analyze XL's performance in a manner similar to how management of XL analyzes performance. In this regard, XL believes that providing only a GAAP presentation of net income (loss) would make it much more difficult for users of XL's financial information to evaluate XL's underlying business. Also, as stated above, XL believes that the equity analysts and certain rating agencies that follow XL (and the insurance industry as a whole) exclude these items from their analyses for the same reasons and they request that XL provide this non-GAAP financial information on a regular basis.

Operating ROE is a widely used measure of any company's profitability that is calculated by dividing annualized operating net income for any period other than a fiscal year when actual operating income is used by the average of the opening and closing common shareholders' equity. XL establishes target Operating ROEs for its total operations, segments and lines of business. If XL's Operating ROE targets are not met with respect to any line of business over time, XL seeks to re-evaluate these lines. Operating ROE excluding and including net unrealized gains and losses on investments, both inclusive of and exclusive of integration costs, are additional measures of Company profitability that eliminate, as applicable, the impacts of mark to market fluctuations on XL's investment portfolio that have not been realized through sales, and/or distortions to XL's performance from temporary integration costs related to the combination with Catlin. By providing these additional measures, users of our financial statements have the ability to include or exclude these items when considering our performance either on a standalone basis or for purposes of peer performance comparison.

XL believes that fully diluted tangible book value per common share is a financial measure important to investors and other interested parties who benefit from having a consistent basis for comparison with other companies within the industry. However, this measure may not be comparable to similarly titled measures used by companies either outside or inside of the insurance industry.
